# FOR THE MEMORIES

Wedding photography is about memories. It's about all the little moments that make up one of the happiest days of your life. It's my job to record those memories, honestly, stylishly and with a minimum of fuss.

If you're looking for a photographer who will blend in with your day and deliver loads of candid photos of you and your guests having fun; all the hugs, the laughter, the tears. Then here I am.

I also promise to be on your team on your wedding day, bringing energy when your family need hustling for the group shots and calm when things get stressful on the wedding morning. My focus is you, not my ego and not my portfolio, but what I can do to make things perfect for you.

**Natasha & David**

Absolutely fantastic wedding photographer. She got our vibe and understood the assignment straight away.

**Dodie & Sam**

Emma was super sweet and kind and really just fit into the wedding. She took her time to direct us and the photos are so amazing!

**Evie & Robbie**

Emma was so professional and listened to all our ideas and concerns. The pictures have turned out beautifully and we are chuffed.

# BEHIND THE LENS

Hi, I'm Emma, I'm the face behind Doodah Photography. Most people hire me because it is just me. Not a million cameras in your face, not tripods and tech everywhere. Just one woman with a camera, letting the day happen and rolling with the punches.

The service I provide on the day and in the run up to your wedding matters just as much as the photos I deliver, I know that personality and attitude are integral to your experience. I will always bring professional and positive energy to your wedding day. I will support you when you're feeling nervous, hype you up if you feel self-conscious, and never push you outside your comfort zone. I will be friendly and interact with your guests, I won't invade anyone's personal space, and I will set people at ease so I can get the most natural photos possible.

## Yuan & Matthew ★★★★★

Emma is an amazing photographer! She is funny, easygoing and has so many tricks up her sleeve! We were lucky to have her there to document our wedding day, and we couldn't be happier about the results! She put everybody at ease and captured some amazing and beautiful moments. She went out of her way to help everything run smoothly on the day too! I can't stop smiling looking at the photos she has captured.

# QUESTIONS

## TRAVEL

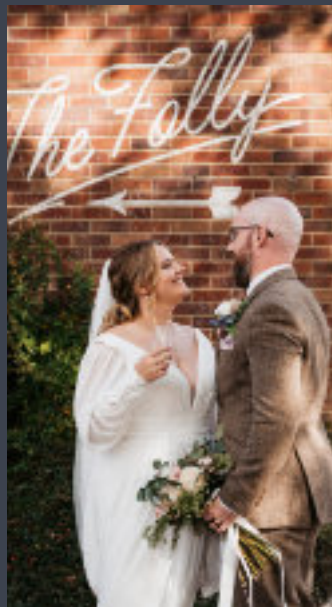

If your venue is within 50 miles of DEr then travel is included. I am happy to photograph weddings outside this area but I may have to charge you basic travel or accommodation expenses, just let me know where and I can give you an upfront fixed price.

## PAYMENT

The balance of your payment is due 4 weeks before your wedding date and I will send you a reminder. The best way for you to pay is via bank transfer. My details will be on your invoice.

## POSING

Most of your photos will be candid but for portraits I will give you some guidance on what to do. I will not expect you to know how to pose and I won't ask you to do anything out of your comfort zone. I'll give you simple every-day instructions to make you feel confident and look your best.

## THE WAIT

Each photo I take is lovingly and individually edited to make sure you only get the very best looking images. This does take a bit of time so I give people an outside estimate of 12 weeks after your wedding day, but it's usually much quicker! You'll get 10 to 20 preview pictures within a week of the wedding.

## EDITING

I will personally edit each and every photo that I deliver to you. I will correct for brightness and enhance the colours in line with my personal style. I will 'photoshop' out distractions if I feel they dominate the image. I do not alter your body shape or change any permanent part of you, we can make sure the photos are flattering as we take them.
