

A wedding photograph of a couple kissing in a field. The groom is wearing a blue suit and the bride is wearing a white wedding dress with a veil. The bride is holding a bouquet of flowers. The background is a field of tall grass under a warm, golden light. The image is framed by a decorative orange geometric pattern in the corners.

FAQ'S

HOW LONG IS YOUR COVERAGE?

Arrival for your preparations is 2 hours before your ceremony time to capture the finishing touches and 30 minutes after your first dance to capture the vibe of the evening reception.

WHAT IS A PRE-WEDDING CONSULTATION?

Your pre-wedding consultation will be booked in 4 weeks before your big day at a date and time to suit you. This is usually a phone call to go over all of the details and timings of your day so that I have all the information I need to capture your day perfectly. This is also a good time to give me any inspiration or ideas you have for your photos on the day along with a list of friends and family photo's to capture between your ceremony and wedding breakfast.

WHAT IS A PRE-WEDDING/COUPLE SHOOT?

Pre-wedding/couple shoots are a super fun way to get gorgeous photos of the two of you. Whether you are looking for a few snaps to pop on your wedding invites or if you're just one of those couples that "never has a nice photo together" pre-wedding/couples shoots are perfect! My relaxed approach means that you get beautiful, natural and candid photos easily and don't worry if you aren't sure what to do, I will give slight direction to help ease your nerves and get the best out of your shoot. If you want to include props, your hobbies, your pets or your kids that's no problem! We love a shoot that showcases who you are and your personality, so get as creative as you like!

HOW LONG DOES IT TAKE TO RECEIVE MY PHOTOS?

For wedding photography, timescales are 4-6 weeks after the big day. You will receive an email invitation to your personalised gallery which can be downloaded in full and you will also receive a USB copy of your photographs through the post in an eco-friendly keepsake box.

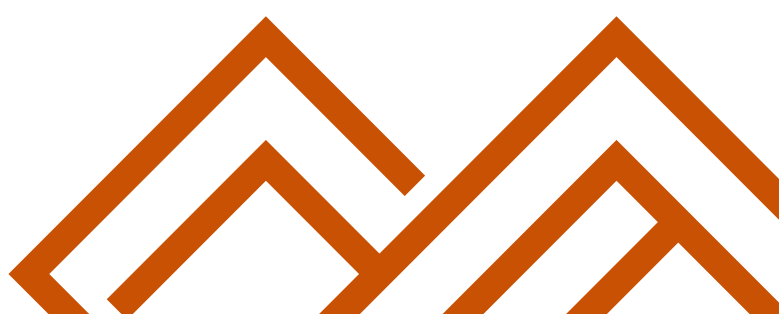

For pre-wedding/couple shoots I aim to have your gallery ready within 3 weeks of your scheduled shoot.

DO YOU HAVE INSURANCE?

Yes! I am fully covered and happy to supply any relevant documentation to your venue should they request it.

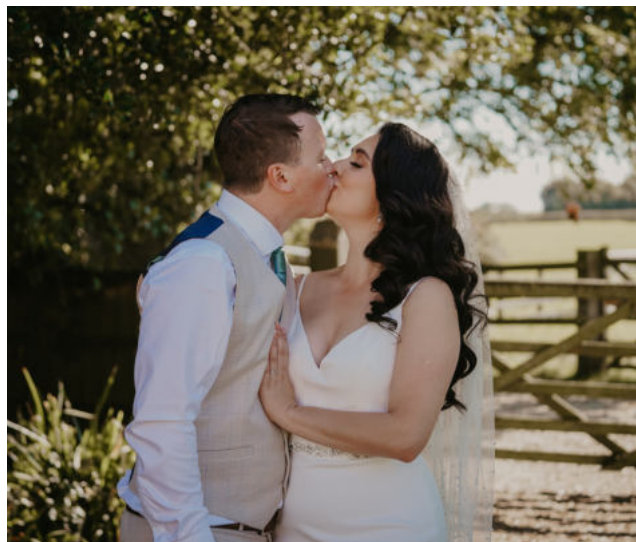

DO YOU TRAVEL?

Although I'm based in Nottingham I love to travel to different locations around the UK, seeing new venues and meeting loved up couples. All travel and accommodation is included in the price of your package.

FAQ'S

WHAT HAPPENS IF YOUR ILL?

Touch wood, I've been fighting fit for the past 8 years! However in the event of illness I have a network of photographers I can ask for help or alternatively offer a refund in full.

YOU SPECIALISE IN CANDID BUT WILL YOU ALSO DO POSED FAMILY/FRIENDS AND COUPLE PHOTOS?

In short, absolutely! I know it's important to get a nice photo with all of your family and friends on the day, that's why I ask for a "formal list" during your pre-wedding consultation. I would usually recommend no more than 15 group photographs because of timing on the day and during this time we will also take the two of you away for couple photographs to get some shots of the two of you alone.

DO YOU PHOTOGRAPH BOTH THE BRIDE AND GROOM GETTING READY?

Every wedding is completely unique, so if you're both getting ready in the same location I can totally capture both sides. For couples getting ready in separate locations it will be your choice on which prep to capture, however if you would like both sides captured in the morning there is an option to add a second shooter to your package.

DO WE NEED TO FEED YOU ON THE DAY?

Please don't worry about providing food on the day, I will usually bring my own snacks and goodies and take a short break while you sit down to eat to do the same. I know it can be expensive to provide supplier meals so I am more than happy to bring my own food on the day and this can actually help me get something to eat around busy wedding day timings.

WHAT ARE YOU LIKE ON THE DAY?

I try my best to be as in the background as possible on the day, whilst being organised and professional with things like arranging confetti and group photos. I've had many compliments from couples for bringing a relaxed vibe on the day and offering a helping hand... yes, I am the photographer that will make sure you have a knife on your cake table, will help do up the buttons on the back of your dress, will carry your bouquet and generally do what I can to be helpful and make your day run as smoothly as possible.

CAN WE PRINT AND SHARE OUR PHOTOS?

It's actually highly encouraged! Once your photos have been delivered you can share and print in any way you'd like! I'd love to see how you display your photos too, so be sure to send me a pic of any you use around your home!
