PHOTOGRAPHY  
& VIDEOGRAPHY

We believe that each and every wedding is unique and your photos and film should tell the story of YOUR day.

We pride ourselves on our unobtrusive approach to capturing weddings, staying as in the background as possible to achieve those gorgeous candid shots and REAL emotions that our couples love.

We understand that the thought of being in front of the camera is often more scary than it actually is! so making sure that you are relaxed and comfortable in front of the camera is our priority.

We will of course give you a little direction during your couple portraits to get those WOW shots of the two of you and find that having a laugh with you both is often the best way to create stunning photo's and film.

“Thank you for our beautiful wedding photographs & film...

and for capturing the most magical moments.”

*Amy & David*

## BEFORE THE BIG DAY

We will be in touch around 4 weeks before your big day to go over your timings, locations and any details we need to make the day run smoothly. At this time we will also ask for a small shot list of any family/group/formal photographs that we can reference on the day to keep timings on track.

## ON YOUR WEDDING DAY

We will arrive at your prep locations a few hours before your ceremony to capture the finer details and the excitement from both sides of the wedding morning.

We will arrive at your ceremony location prior to the ceremony to capture the arrival of yourselves and your guests and photograph the full ceremony.

We will arrange with you before the wedding to have a little time set aside for any formal group or family/friends photographs after your ceremony and will also request a shot list from you prior to

the big day so that we can organise the photographs of your very excited wedding party.

We will then ask to take you both away for a short while to get some beautiful shots of the two of you alone. We will take you both for a short tour around your venue to get some couple portraits, we will help with direction of some shots but our favourite photographs to capture are when you are both in the moment and enjoying having time alone together, whether you are laughing or kissing or talking about your first dance, we love to capture the emotion and happiness of the newly married couple.

We capture moments throughout the day and usually say goodbye around half an hour after your first dance and cake cutting to capture the vibe of your wedding reception.

## AFTER THE WEDDING DAY

After your big day we carefully collate your collection of between 300-500 fully edited high resolution images.

We then select between 50-100 highlight photographs and provide you with an online preview within 4-6 weeks.

You will receive 300-500 fully edited, high resolution images on USB for you to make copies, prints, albums or be as creative as you like!

You will also receive 10 gloss photo prints (5x7) in your final package.

You can expect delivery of your final package within 6-8 weeks of your wedding.

*Price* £1400\*

\* The deposit for this package is £600, once your deposit is paid future payments are flexible and the total amount is due 4 weeks before your big day. See our Terms & Conditions for more details.
